CHIROPRACTORS

Rewards

Share the benefits of great health and receive great gifts in return

Now available... *Introducing our exciting Ipswich Spine Clinic Referral Club*

The Ipswich Spine Clinic Referral Club quite simply offers FREE gifts to patients in return for recommending their friends and family to our practice.

Each time patients refer another patient to see us and they give the referring patient's name as the person who sent them, we will record it. Then once the new patient starts having Chiropractic Care, we will credit the referrers account with one referral point and we will write to

tell the referrer what their points balance has moved up to.

Once patients have enough points they can select a gift from our gift catalogue to the value of the points earned. Simply complete the points redemption form and drop it into the practice or post it back and we will get the item ordered and let patients know when it is available for collecting from the practice. Then patients can carry on collecting points and saving for the next gift.
